

4D Global & Partners specialise in:

Mobile Computers that are Built for Business!

Take Hold of your Workday and Be Outstanding in your Field!

Empower Your Work Day with 4D Global Mobile Computing Solutions!

Mobile Computers, Tablets, Handheld Platforms, Security, Peripherals, Consulting Services & Wireless Expertise

On-the-go users demand exceptional performance in the field

Don't settle for less! Consult the 4D Global experts to find the perfect devices, accessories, and user interface tailored to your workforce and field mapping applications.

Uncompromising Durability and Speed

Discover rugged computers optimized to conquer challenging work scenarios in the field. Learn about our range of devices designed to minimize data loss to keep you operational.

The Right Tools for Every Job

From cameras for evidence collection to long battery life, SSD storage, sunlight-readable screens, multiple ports, barcoding, and RFID scanning options – we have it all. Let's discuss IP ratings, power management, and device cleaning to ensure you have the ideal setup.

Unleash On-the-Go Productivity

Experience true mobility and flexibility with our integrated wireless broadband technologies, empowering you to deliver high-quality services wherever you go.

Seamless Integrated Security

Identifying authorized users is crucial. Our solutions offer biometric readers, RFID, and barcode scanners, coupled with a trusted platform that safeguards against data breaches.

Explore the Range

Rest assured, your data capture and reporting will be efficient, secure, and reliable.

Let us help you select the right device to maximise your ROI.

Getac UX10 FULLY RUGGED TABLET

- Ideal for managing & monitoring assets
- Dynamic mobile GIS
- Superior display & connectivity

AML Pro | ALL MATERIALS LOCATOR

Subsurface Asset Detection

NEED TO LOCATE BURIED PVC?

- Designed to find buried PVC & PE pipes
- Patented radio frequency technology
- Lightweight, durable construction
- FCC Approved

HIGH-ACCURACY GNSS RECEIVERS FOR iOS, ANDROID AND WINDOWS

Map & Manage your Assets Accurately
More Signals, More Sensors, More Possibilities!

Arrow 100 - L1 / Sub metre / SouthPAN / CORSNet
Arrow 100+ - L1 / Sub metre / SouthPAN / Atlas / CORSNet
Arrow Gold - L1, L2, L5 / RTK / SouthPAN / Atlas / CORSNet
Arrow Gold+ - L1, L2, L5 / RTK / SouthPAN / Atlas / CORSNet / Galileo

Ideal for ArcGIS Field Mapping apps
